EDITORIAL COMMENT.

BUCHAREST EVACUATED

As Germans Approach Within
37 Miles of Rumanian
Capital.

LACK OF REINFORCEMENTS

Officials Move to Jassy, Near
Russian Frontier—37 Miles
from Capital.

Paris, Nov. 29.—The Rumanian government and diplomatic authorities have left Bucharest and gone to Jassy, according to a Havas dispatch from Bucharest.

Jassy lies about 200 miles northeast of Bucharest near the Russian frontier.

The operations of the Teutonic allies in Rumania have brought them appreciably nearer Bucharest and are still progressing from the north and west to the south and southwest.

The operations in Macedonia are somewhat clouded by reason of divergent reports. Berlin says that north of Monastir renewed attacks by the entente allies failed while the Serbian war office claims that in fighting along the entire front, the Serbs at several points made advances of several hundred meters.

Sofia on the other hand, asserts that attacks on Hill 1050 and the village to Jaralovo were put down by the Bulgarians and Germans, as likewise was a British offensive in the Vardar region south of the village of Bogoroditsa.

On the front in France and in the

Austro-Italian theater nothing but

bombardments have taken place.

Two Zeppelins which raided the

northeast coast of England during

Tuesday night were brought down

and destroyed by British airmen, and

it is understood the crews of both

ships perished. The same night a

German airplane dropped six bombs

on London and escaped. Four per-

sons were injured.

Kentucky Republicans are preparing

to beat the Democrats to a formal

defeat on submission of the pro-

hibition amendment. Chairman E.

T. Franks is expected to call the state

committee together to act on the

question soon.

The government's investigation has

disclosed that the cost of producing

print paper has increased \$6 a ton.

The paper trust has increased the

price to the newspapers \$86 a ton.

New representations are about to be

made to the German government by

the United States concerning the de-

portation of Belgian civilians for la-

bor in Germany.

A special turkey train of 59 cars

conveyed 88,000 Kentucky turkeys

alive to New York City. They were

assembled at Cincinnati and the car-

go was valued at \$400,000.

Hon. John W. Newman, of Louis-

ville, and Miss Jane Slemp, a sister

of Congressman Slemp, will be mar-

ried at Big Stone Gap, Va., today.

The trial of C. C. Trabue who killed

Harry Stokes in Nashville last April

came to an end yesterday. The de-

fendant was acquitted.

Prospects are not good for the open-

ing of the loose floor market Dec. 5.

A good rain is needed.

Madisonville people sent Co. E a

box of Kentucky "eats" for Thanks-

giving.

Everybody who is alive has some-

thing to be thankful for.

TURKEYS ARE OFF.

With the closing of the Thanksgiving

market turkeys dropped Monday

from 23 cents for all grades to 20 cents for hens and 18 cents for

gobblers. Whether the prices will

react for the Christmas trade is still a

matter of doubt. The Haydon Pro-

duce Co. on Tuesday bought of W.

T. Mitchell a 29-pound gobbler that

brought \$5.22 at 18 cents a pound.

Yesterday there was a further drop

of 2 cents, the highest prices offered

being 16 cents for gobblers and 18

cents for hens. Some sales were

made at these prices.

Bid For Pool.

G. O. Tuck & Co., have offered

to take the pool of the Farmers Co-

operative Association of Green River

tobacco at \$12 to \$7 for leaf; \$10 to

\$7 for lugs and \$5 for all trash.

County meetings will consider the

offer.

The stampede of several girls to get down

the steps, Miss Berry lost her balance

and fell down the stairway, but es-

caped serious injury. Miss Noblett's

clothing was quickly burned off and

her body was terribly blistered with

the heat and she died the next day.

Warning Flashed.

A wireless warning to lookout for

German submarines off the American

coast was flashed at sea to the Ameri-

can steamship Kroonland, which ar-

rived from Liverpool.

Cause To Be Thankful.

Governor Stanley Issues His Annual Thanksgiving Proclamation.

Frankfort, Ky., Nov. 29.—Gov. Stanley Monday issued his Thanksgiving proclamation, fixing Thursday as Thanksgiving day. It follows:

"While in half of the world shattered households watch and pray in the midst of hunger and desolation for the dead and maimed upon fields of battle, or for the preservation of dear ones who yet endure the perils and the privations of pitiless war, here happy and unbroken families about bright firesides in the midst of peace and plenty, thank Him, whose loving kindness endureth forever, for the harvest, for industrial prosperity, for domestic tranquility and for national security.

"We are indeed a chosen people cherishing, not without cause, the fond hope that under munificent providence of God and the wise guidance of patriotism and patient statesmen, these United States may emerge from the tragedy of all the ages with national honor unsullied and without the loss of one precious life. It is peculiarly appropriate that we should, with reverent hearts, devoutly thank the Giver of all good and perfect gifts for the multiplied blessings of peace, happiness and prosperity."

DEATH CLAIMS RELEASE 16,500 NOBLE WOMAN COAL CARS

Mrs. Emma C. Glass Falls Railpads of Northwest Take

Asleep at the End of a Step to Relieve Country-wide Shortage.

Mrs. Emma C. Glass, widow of the late John P. Glass, died at her home at 603 South Campbell street, at 8 o'clock Tuesday morning, following a stroke of paralysis a few days before.

Mrs. Glass was born in Salem, N. J., in 1827, and was in the 90th year of her age. When seventeen years of age, she was married to Mr. J. P. Glass, then residing in Philadelphia.

During the civil war they came to Hopkinsville and Mr. Glass was long engaged in the mercantile business and died many years ago.

Mrs. Glass' only daughter, Miss Emma Glass, was married to Mr. G. E. Gaither. She died more than ten years ago and Mrs. Glass had continued to live at the home of her son-in-law. She was a lifelong member of the Episcopal church and a devoted Christian, a great worker in dispensing charity and relieving suffering. Her goodness and kindness of heart were proverbial.

On the day she was paralyzed she was apparently in excellent health up to the time she was stricken and had been out driving.

Her funeral services were held yesterday afternoon at 3 o'clock, at Grace Episcopal church, conducted by Rev. Geo. C. Abbott. The interment was in Riverside Cemetery.

HIGHEST PRICE

Reported For Big Crop of Tobacco This Season.

V. M. Acree, of near Oak Grove, this week sold his crop of 60,000 pounds of tobacco at \$11 round, without any limit on lugs. His crop is very fine and the sale brings him \$6,600. Other prominent farmers are turning their crops loose at the present satisfactory prices.

Villa Victorious.

For the first time since the report gained circulation, a Carranza official at Juarez has admitted the possibility that Gen. Trevino has been forced to evacuate Chihuahua city because of a shortage of ammunition.

Hit By Sneak Thief.

Mrs. Ruby Hall was hit over the head and knocked unconscious by a negro as she was descending the steps of her home in Henderson Sunday night. The negro, evidently a thief, proved to be gasoline and the flames flared up and enveloped Miss Noblett and singed Miss Berry's hair. In the

stampede of several girls to get down the steps, Miss Berry lost her balance and fell down the stairway, but es-

caped serious injury. Miss Noblett's clothing was quickly burned off and her body was terribly blistered with the heat and she died the next day.

Warning Flashed.

A wireless warning to lookout for German submarines off the American coast was flashed at sea to the Ameri-

can steamship Kroonland, which ar-

rived from Liverpool.

TWENTY CONVERSIONS.

The Waters revival at Gracey is a very successful meeting. Up to Wednesday night there had been 20 conversions. The meeting will close Sunday night and Mr. Waters will go to Dawson Monday to begin a meeting.

WHEAT VERY UNSETTLED

FEARFUL INJURIES

Sharp Decline Monday, Fol-

lowed By Further Drop

UP 3 CENTS YESTERDAY

MAY BE FATALLY BURNED

Marine Perils and Railroad

Embargoes Cause Owners

to Sacrifice Grain.

Chicago, Nov. 29.—Railroad em-

barcages and marine perils that threat-

ened to bring shipments of grain to a

standstill, led Tuesday to a semi-pa-

nic in the wheat market. Exciting

breaks in value as much at times as

13½¢ a bushel, were followed by par-

ticular rallies. The close nevertheless,

was wild at \$1.66 to \$1.76½ for De-

cember at \$1.74½ to \$1.75 for May

with the market as a whole 5 to 7½¢

under yesterday's finish. Other lead-

ing staples too, all showed a set back,

corn 2 to 2½¢, oats 2½ to 3 and

provisions 10 to 30 cents.

Local advices yesterday were that

the Chicago market had rallied and

that the price was 3 cents higher

than the day before.

HAVE YOU PAID BETTER DO IT

This Is The Last Day To Escape The Penalty on County and City Taxes.

All day yesterday and in fact for the

last several days the offices of both

the county sheriff and the city com-

missioners have been busy places.

Lines of taxpayers have been at both

places waiting their turn to pay coun-

ty and city taxes to escape the 6 per-

cent penalty that goes on after to-

day.

THURSDAY, NOV. 30

The Czar of Russia is said to be on
his way to the Rumanian front to con-
fer with King Ferdinand. His army
would be more welcome just now.

During the absence of Gen. Wil-
liams, who is visiting Gen. Pershing
in Mexico, the Kentucky troops are
under the command of Col. Jouett
Henry.

George Rowland, a well-known
business man, of Owensboro, died of
heart trouble while driving his auto-
mobile with a number of his friends in
it. No damage was done, as the
car was stopped immediately upon
the discovery of the man's death.

Charles E. Hughes announces that
on Jan. 1, he will resume the practice
of law as a member of the New York
city law firm of Rounds, Schurman
and Dwight, 96 Broadway. His son,
C. E. Hughes, jr., also will enter the
firm it is said. In 1906, when Mr.
Hughes was nominated for governor
of New York, he was a member of
the same law firm. With Mr.
Hughes again in the firm, its new
name, will be Hughes, Rounds,
Schurman and Dwight.

After a whirlwind of selling that
caused an extreme setback of 92 cents
a bushel in the wheat pit Monday,
prices made something of a rally
owing to an unexpected decrease in
the United States visible supply. Pos-
sibilities of a resumption of sub-
marine hostilities near the United States
and of an embargo on export ship-
ment of foodstuffs were all factors in
bringing about the smash in values.
The close was weak 3½ to 4½ cents
net lower with December at \$1.73½ to
\$1.73½ and May at \$1.80 to \$1.80.

The British foreign office has sent
Ambassador Page a note definitely
refusing to grant a safe conduct to
Count Adam Tarnowski von Tarnow,
the new ambassador from Austria to
the United States, saying even if in-
ternational law forbade the refusal of
such safe conduct, the actions of
Austrian and German embassies and
consulates abroad have been so much
in excess of regular diplomatic func-
tions that the British government
feels justified in withholding its con-
sent for such diplomats to travel to
their posts. Another controversy
between the American government
and the entente allies is in prospect
as a result of the refusal.

Evansville has in Mayor Bosse a
sure enough Mayor. He has personally
guaranteed 12-cent coal to Evans-
ville by threatening to buy a mine
offered to him in order to keep the
price down. He has now mapped
out another program. "Something
must be done," declared the mayor,
"to head off threatening conditions in
the food line. Prices are being
boosted without any good reasons.
I believe the municipal wholesale
market will assist in heading off
further increases. Although it is
an experiment, if it is successful, as I
hope and expect it will be, the mu-
nicipal wholesale market will be made
a permanent thing here."

"Dumping."

"Dumping" is a word of English
origin designating a commercial practice
which consists of establishing for
one and the same product two scales
of prices, viz., a relatively high price
for the home market, and lower prices,
variable according to circumstances
and in many cases lower than the cost
of production, for foreign markets.—
Paul Barre in *La Nature*, Paris.

If the Boy in Blue Is Disabled

By LAURA JEAN LIBBEY

(Copyright, 1916.)
Then they shall know their friends though
much.
Will have been lost—the help in strife,
The thousand sweet, still joys of such
As, hand in hand, face earthly life.

Among the many letters which come
to me is one which has touched my
heart deeply. It is from one of
our boys in blue, a soldier, and is
in part as follows: "I am in
sore distress of mind and am
writing to you for not only consola-
tion, but advice. While connected
with the army at

I met and
loved a beautiful
girl, our com-
mander's daughter.
She returned
my affection, and it
was settled
that we should

wed. I was called upon for active
duty across the border and that event
has changed the course of my life, I
believe. In several skirmishes I fared
worse than my companions, being
wounded twice. When I bade good-
by to my sweetheart I was a stalwart
fellow, as good to look upon as the
general run of young men, ambitious
to fault, anxious to rise to the very
height of what an army man may
obtain as to position.

"One of the wounds is in the ankle
which will leave me crippled for life.
The other—an explosion—has so
seamed and scarred my face that I
am repulsive to look upon. The question
is, should I hold the girl I love
better than my life to marry me—if I
am destined to return—or write her
dissolving the bonds? I cannot bear
the thought that she might look upon
me with repugnance—that would be a
living death to me. You are a woman
and understand the hearts of women
better than almost any one else.

STAR OF FILM DOM

BLANCHE SWEET.

Actress produced by the movies, who
never has spoken before an audience,
but is a familiar figure to millions.

Fashion's Decrees

Gaberdine grows in favor and use,
wearing as well as serge.

Some of the new veils are edged
with jet spangles, irregularly worked.

Fancy metal bands are coming in
for millinery purposes.

The nose veil is very smart and may
be seen all winter.

Colored linens are much used for
children's wash dresses.

The cartridge plait is retained in the
new French costumes.

Black net robes for evening are bor-
dered with colored silk.

Broad bands of fur will be seen on
the tunics of fall dresses.

Gold brocaded silk makes the pretti-
est of evening slippers.

Castor and gray are the best colors
after black—for shoes.

Broad-brimmed high-crowned hats
are in straw or two colors.

The vogue for gray shoes has in-
creased the demand for gray gloves.

Cyclamen-colored satin velvet with
royal blue net is a new combination.

Coatees of white serge are made to
be worn with navy taffeta dresses.

The modified circular skirt with belt
is in high favor for tailored suits.

Clever Salt Shaker.

Recently a cleverly devised salt
shaker was made, the makers of which
claim that it will loosen clogged salt.
It is of clear glass with a noncorrosive
white metal top. A spiral loop of wire
which occupies the center of the shaker
is turned by a twist of the knob
above the lid. The coil of wire when
turned reaches every part of the in-
terior of the shaker, thus breaking up
the salt.

Terrible Train Of Troubles.

Lake Charles, La.—Mrs. E. Fou-
rier, 516 Kirby street, says: "The
month before I took Cardui, I could
not walk. I had backache, head-
ache, pain in my legs, chills, fainting
spells, sick stomach, dragging feelings,
and no patience or courage.
Since taking Cardui, I have no more
trouble, can walk as far as I want to
and feel good all the time." Take
Cardui and be benefited by the
ocular herb ingredients which have
been found so efficient for womanly
ills. Cardui will relieve that back-
ache, headache, and all the misery
for which you suffer, just as it has
done for others. Try Cardui.

Tourist Restrictions.

Persons who intend to visit New-
foundland this summer are warned
through the American consular service
that they should be provided with the
fullest identifications to prevent any
misunderstanding. This is especially
true in the passports of the island,
and those who wish to do drawing,
sketching or photographing are ad-
vised to wait until after the war to do so.
During 1915 the right to sketch or photograph
was curtailed by orders in council. Even scientific ex-
peditions which might entail sound-
ings or the use of what might be mis-
taken for surveying instruments are
discouraged.

Stop The First Cold.

Neglected colds get worse, instead
of better. A stuffed head, a tight
chest must be relieved at once. Dr.
Bell's Pine-Tar-Honey is Nature's
remedy. Honey and glycerine heal
the irritated membrane, antiseptic
tar loosens the phlegm, you breathe
easier and your cold is broken up.
Pleasant to take, Dr. Bell's Pine-
Tar-Honey is an ideal remedy for
children as well as grown-ups. At
your Druggist, 25c—Advertisement.

Make Themselves Known.

"Happiness," said Uncle Eben, "an'
health is pretty much alike. If you're
got 'em you don't have to think about
'em."

Carbon Taken From Coal Tar.

Swedish chemists have found a way
to remove from coal tar the finely di-
vided carbon which it holds in sus-
pension.

HOUSEHOLD HINTS OF VALUE

Small Things in Themselves, but They Will Be Found Well Worthy of Consideration.

To make house ferns grow rapidly, place four or five pieces of charcoal on top of the soil. Keep the flower pot in a jardiniere, with plenty of water, and its rapid movement will be astonishing.

Try rubbing your stove well with vinegar before applying the blacking and you will be surprised at how much brighter your polish will be and how much longer it will last than if the blacking were applied to the uncleansed iron.

To clean the white kid shoes now so much in vogue make a paste of cornstarch and gasoline, keeping the mixture away from the fire, preferably out of doors. Rub the shoes thoroughly and leave in the sun to dry, when all superfluous powder may be rubbed off with a dry cloth. This preparation is also excellent for cleaning white felt.

"EDUCATORS".

HOPKINSVILLE, KY.

What It Cost.

Wilbur M. Martin, treasurer of the Democratic National Committee, made public an official statement showing that \$1,584,548 had been contributed to the Democratic campaign fund in the nation, and that there remained a deficit of \$300,000.

One a Kentuckian.

Three United States sailors, including Grover Campbell, of Middlesboro, Ky., met death and half a score were injured in San Francisco Bay when a launch carrying thirty-five men of the supply ship Glacier's crew was swept under the paddle blades of the stern-wheel river steamer Apache.

Ten Cents at Mfnes

With seventeen coal mines in and near town, the citizens of Providence are paying the highest price for coal they have ever paid. The mines that supply local customers are now charging ten cents per bushel for coal delivered at the coal house. Early in the fall six cents was charged for the same coal. The increase in price is said to be due to the car shortage and the crying demand for coal at other points.—Providence Enterprise.

Bosse's Plan.

Evansville, Ind., Nov. 29.—Mayor Benjamin Bosse yesterday announced that the city will at once open a municipal market and sell food, and coal to consumers at actual cost in order to lower the cost of living.

Hoof Plague Appears.

St. Joseph, Mo., Nov. 26.—Symptoms of one case of the foot and mouth disease were discovered today in the stock yards. Several experts from Washington are on the way here to aid in handling the situation.

Cash and Securities in Burned Bank's Vault Heavily Guarded.

Irvine, Ky., Nov. 29.—Two hundred and fifty thousand dollars in cash and thousands of dollars worth of valuable securities lie in the smouldering ruins of the Williams bank, which burned Saturday when flames laid waste half the city's business district. A heavy guard has been thrown around the ruins of the building and when the ashes are sufficiently cooled, the big vault will be opened and the treasure removed. The bank has secured temporary quarters.

Preparations already are under way to rebuild the flame swept section of the city. Two and three-story buildings, of brick, will be built at once by property owner.

MONEY IN TURKEYS

Big Doves Taken From Edmonton to Glasgow.

Edmonton, Ky., Nov. 29.—W. H. Hamilton, of East Fork, the produce dealer of this section of the country, took up in one day at Randolph \$1,473.70 worth of turkeys, and drove them to Glasgow. This is the most money ever paid at one time in this country for turkeys:

Develops Strength.

Considering all the gum that is being chewed, it is remarkable that there aren't more sprained chins.

ALLEN-GARY

Miss Besse Gary Becomes The Bride of Mr. Henry P. Allen.

Mr. Henry P. Allen, of Cincinnati, and Miss Besse Gary, were married at South Union Baptist church Monday evening Nov. 17th, at four o'clock.

The church was beautifully decorated for the occasion and was crowded with the friends of the happy couple. Mrs. Allen sang a solo and the wedding march was played by Mrs. T. C. Jones.

The maid of honor was Miss Mary Gary, a sister of the bride. The best man was Mr. Garnett Forgy, of Pem-broke.

The bridal party was preceded by the ushers, Messrs. John and Joseph Gary, brothers of the bride, Allen Nuckols and Will Forgy, of Elk-ton.

The ceremony was performed by Rev. H. E. Gabby, pastor of the church.

Following the ceremony, Mr. and Mrs. Allen motored to this city and took the 5:29 L. & N. train South. After a brief wedding trip they will be at home in Cincinnati, Ohio, where the groom is employed in the offices of the Louisville & Nashville Railroad Company.

Mr. Allen until recently was a resident of this city, coming from Pem-broke. He was with the Forbes Manufacturing Co., as secretary and treasurer, and later was in business for himself up to the time he accepted the position in the railroad service. He is a young man of fine business qualifications and excellent character and while here was prominent in church work.

His pretty bride is a daughter of Mr. and Mrs. John C. Gary and has been a teacher in the county schools. The young couple have the best wishes of a large circle of friends, for a long life of happiness and prosperity.

Wood-Smith

Mr. Mills Wood, of Princeton, a brother to Mr. L. K. Wood, and Miss Beulah Smith, who is a sister of Mrs. Wood, will be married today at the home of Mr. and Mrs. Wood, in this city.

Newspaper Man Hurt.

Edgar Foster, business manager of the Nashville Banner, is at an Infirmary with a fractured left leg and probably internal injuries as the result of being struck by an automobile driven by L. P. Hudson.

All But Pews.

The town of Horse Branch, Ky., for 50 years without a church, now has one all but the pews and has made a public appeal for the donation of pews, or \$600 to buy them with.

U. S. FLAG FLIES AS SHIP SINKS

American Steamship Chemung Torpedoed in Mediterranean Sea---Crew is Landed.

London, Nov. 29.—Lloyd's reports that the American steamship Chemung has been sunk.

The crew of the Chemung has been landed at Valencia by the Spanish steamer Giner, says a Reuter dispatch from Valencia today.

The Chemung was torpedoed near Cabo de Gata, according to the dispatch.

The steamer foundered with the American flag flying, it added, the captain having formerly refused to lower the flag.

Home Inmates Wed.

Gulfport, Miss., Nov. 27.—In three small rooms, overlooking the Gulf of Mexico and lawn upon which Jefferson Davis strolled in his last years, three old couples—just married—have started housekeeping anew. The youngest bride is 64 years old, the youngest bridegroom 74. The three couples staged a triple wedding and each participant had been married before. The brides and grooms were inmates of the Jefferson Davis Beauvoir Soldiers' Home.

"See How That Corn Comes Clear Off!"

"GETS-IT" Loosens Your Corns Right Off. It's the Modern Corn Wonder—Never Fails.

"It's hard to believe anything could act like this in getting corns off. Why, I just lifted that corn right off with my finger nail. 'GETS-IT' is certainly wonderful!" Yes, "GETS-IT" is the most wonderful corn-cure.

"It's just wonderful, the way 'GETS-IT' does it. All corns come right off. You don't have to foot and butter around with your corns, harness them up with bandages or try to dig them out. 'GETS-IT' is a liquid. You put on a few drops in a few seconds. It dries in a trice. Put your stocking on right over it. Put on your regular shoes. You won't limp or have a corn 'twist' in your face. The corn, callus or wart, will loosen from your toe—off it comes. Glory hallelujah! 'GETS-IT' is the biggest selling corn remedy in the world. When you try it, you know why."

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Hopkinsville and recommended as the world's best corn remedy by L. L. Elgin.

BALANCED RATION FOR CALF

Separator Milk Is Liable to Cause Indigestion, Capricious Appetite and Diarrhea.

(By GEORGE H. GLOVER, Colorado Agricultural College, Fort Collins.)
Separator milk is not a balanced ration for calves. On this feed alone, and the way it is usually given to them, they are liable to get indigestion, as shown by a bloated condition, capricious appetite and diarrhea. Most of this trouble can be averted by adding a handful of oilmeal, cornmeal or cottonseed meal, to supply, in a way, the fat that has been removed in the skimming. The milk should be given to them warm and never when it is frothy. Never allow a calf to drink all of the milk that it wants at one meal. It is bad practice to allow several calves to drink out of one trough, some of them will get too much. Care in feeding calves is of vastly more importance than "cures" for calf scours.

Forget Your Aches.

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than messy ointments or poultices. For strains or sprains, sore muscles or wrench'd ligaments resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your Druggist, 25c.—Advertisement.

River Has Name of Indian Chief. The Croton river, which furnishes to New York the greater part of the water consumed in its limits, was named for an Indian chief.

The Paxtine Toilet Company, Boston, Mass.

DAIRY FARMER LOSES MONEY

Raises Most of Feed and Buys Very Little Material—Herd Helps Keep Up Fertility of Soil.

How can a dairy farmer lose money on his cows and still make a living? The answer is easy. The farmer raises most of his feed and probably buys very little material not raised on the farm to assist him in feeding appetizing balanced rations. He has the herd to assist him in keeping up the fertility of the soil and spends little if any money for commercial fertilizers. It results in a small profit on the farm, but profit is made on feed raised and not on the dairy cattle that consume it.

The farmer who is losing money on dairy cattle, but yet making a living on his farm might possibly make more money if he sold the feed, used fertilizer to keep up the fertility of his

Promising Shorthorn Heifer.

land, and spent the time used in caring for the cows in some form of intensive farming which would make him at least wages for his time.

It is a fact that you cannot make money on a losing proposition and it follows that the man who is losing money on dairy cattle is not making a living by selling dairy products. He is making his living because of the crops produced on the farm plus the fact that his living expenses are not large.

CASTORIA

For Infants and Children

In Use For Over 30 Years

DAILY DAIRY

TO PREVENT WHITE SCOURS

Pennsylvania State Experiment Station Outlines Some Suggestions to Prevent Disease.

White scours is a germ disease, hence its suppression lies in the prevention of infection. The Pennsylvania state experiment station outlines the following suggestions for the prevention of this disease:

The cow should be permitted to drop her calf upon a clean bed of straw in a thoroughly disinfected stall. Immediately after birth of the calf, the umbilical cord should be soaked in a 2 per cent solution of some standard dip. A wide-mouthed vessel will be the most convenient container for the solution, as it may be held close to the body and the cord folded down into the solution.

To prevent contamination the cord should not be touched with the fingers. After soaking, both the cord and an area three inches in diameter surrounding it should be painted with iodine, by means of a small piece of absorbent cotton. A drying powder of equal parts boric acid, powdered alum and flowers of sulphur should then be dusted on the cord twice daily until it has dried off. The powder should be applied with a dusting can.

Additional precautions include the rinsing of the cow's udder with a dip solution to destroy germs on these parts before the calf is suckled, and thorough cleaning of the stable, including disinfection of the walls and floors.

If the calf is very valuable, dairymen are advised by the Pennsylvania station to inject a serum prepared from a number of organisms found in calves with white scours, as a preventive. This should be done as soon as the calf is dropped.

Notice to Patrons.

On account of the high price of dairy feed and the sanitary precautions I use to produce clean milk, I find I am obliged to raise the price of milk to 12½ cents a quart and 6½ cents a pint, beginning Dec. 1. Hoping this will meet with your approval and thanking you for past patronage and a continuance of same,

I am yours truly,
C. R. ATKINS.

Lightning Rods Protect Strawstacks. For several years an Iowa farmer has protected his strawstacks with lightning rods in the same manner that he protects his farm buildings. The uprights on a stack are supported on a footboard which runs the full length of the stack, along the ridge. The rods are grounded through gas pipes, the lower ends of which are buried deep in the earth. This apparatus is used from year to year. When a stack is to be removed the cable and rods are rolled up and put aside until a new stack has been built. The device can be quickly and easily installed. Though twelve trees on this farm and three barns on neighboring farms have been struck by lightning in recent years, the barns and stacks on this farm have so far enjoyed complete immunity from damage by lightning.—From the April Popular Mechanics Magazine.

A Strange Story.

Argyle, Mich.—Mrs. Wm. H. Carson, in a letter from Argyle, says: "I was almost wild with pain in my head, and other severe pains, due to womanly troubles. Cardui gave me great relief at once. Further use of Cardui raised me from my bed of agony. Cardui saved my life, and I can't be thankful enough for what it did for me." Wheth r seriously sick, or simply ailing, take Cardui, the woman's tonic. As a general tonic for women, to improve the appetite and build up the constitution Cardui is in a class by itself. Those who have used it say it does the work; it relieves, it cures. Try it. Your druggis have it.—Advertisement.

ICE ATTRACTS FISH.

Hibbard Raymond of the Lake Keuka Fishing club has discovered a new way to catch black bass in hot weather. "Bass feel the hot weather as much as we do," he said, "so I planned to make a place for them to cool off in and then catch them out of it." The other day I took a cake of ice and dropped it in the weeds in the rocky cove off Fist point. Two hours later I drifted by the spot with golden shiners on my hooks and captured two bass, one two and one-half and the other three pounds. I wheeled around and snagged a four-pounder. A few minutes later I had caught eight nice bass. The cool water is refreshing to the bass and sharpens their appetites."—Rochester (N. Y.) Correspondent New York World.

FATHER'S FIRST THOUGHT.

Mother—I'm afraid our daughter has lost her head completely over that young man.

Father—Then of course she won't need that new hat you were going to get her.—Boston Transcript.

Don't Neglect Your Cold.

A cold does not get well itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your Druggist. 50c.—Advertisement.

Individual Drinking Cups.

The day of the common drinking cup is about past. However, there are some places which persist in the practice. One diper or cup to serve the entire student body is the reason why so many colds and other diseases are so easily transmitted among schoolchildren. Individual drinking cups ought to be insisted upon in all of our school work.—The Progressive Farmer.

Possible to Be Too Bright.

Don't try to dazzle people with your brightness. Automobile lights are something of a nuisance.

Help Wanted.
The Canary—"Gee, I wish Houdini would show me the tricks he showed the jailbirds!"

BOYCOTT THE EGG TRUST

New York State to Fight the National Egg Corner.

New York, Nov. 29.—Steps for a state wide egg boycott, with the weight of official sanction from mayors of cities throughout New York, to give it force, were taken today it was announced here by Joseph Hartigan, commissioner of weights and measures, and Secretary of Mayor Mitchel's committee on food supply. Mr. Hartigan said that Mayor C. F. Burns, of Troy, N. Y., president of the conference of mayors of cities of New York state advised him by telephone that he was about to call upon the mayor of every city in the state to "issue a proclamation to the people urging them not to use eggs for two weeks except for the aged, infirm, sick and children."

"The boycott is the only method by which we can smash the power of the special interests which are understood to control the egg market, Mayor Burns believes," Mr. Hartigan said. "The program he proposes is that each commodity in turn shall receive the same treatment and that in the public interest the mayors will agitate the same proposition with regard to each article. In cities elsewhere the boycott is being adopted with official sanction."

He said motion picture interests have volunteered to help the boycott campaign by flashing slides in their theaters informing the public what to do from time to time.

A state commission to deal with the present increased cost of living will be urged upon the legislature by Gov. Whitman.

LODGE OF SORROWS

Elks Will Hold Usual Memorial Services Sunday Afternoon.

The memorial services of the Hopkinsville Lodge B. P. O. E. next Sunday will be especially interesting. A feature will be the formal tributes paid to the three deceased members of 1916. The place for the services was still in doubt yesterday. They will be held either at the tabernacle or in one of the churches.

The program follows: Processional and Introductory—Exalted Ruler, V. E. Barnes.

Prayer—Rev. G. C. Abbott.

Hymn—Paul Twyman.

Roll Call—Lucian H. Davis.

Eulogy on Jno. B. Russell, Wm. H. Jesup and J. T. Hanberry—E. J. Duncan.

Solo—Miss Nell Espie.

Address—Hon. J. Elliott Baker, Princeton, Ky.

FRANKEL'S NEW FORD.

Fifty-four auto licenses were issued at Frankfort last week, bringing the number up to 31,381. Thirty were Fords, one sold to Frankel's Busy Store, Hopkinsville.

Miss Gwynneth Bartley came up from Cadiz last evening to spend Thanksgiving with her parents.

THE BIG BARGAIN SALE OF THE HENDERSON STOCK

Began yesterday and will continue until the stock is disposed of. The entire lot of Groceries, Hardware, etc., of the old reliable E. W. Henderson store is being sold at ridiculously low prices, being below present wholesale cost. Exceptional bargains in both line. Sale is being held in the Henderson store on North Main Street. Goods are moving rapidly. Come and get your choice.
